NAICS: 541611 (Primary)
CAGE CODE: 43AB5
UEI: N3E3BBNSAE78
GSA PSS Contract # GS-10F-0218U

The Cloudburst Group, founded in 2005, is an impact-driven women-owned small business focused on empowering communities to build social, economic, and environmental resilience. To increase the reach, impact, and return on investment for public and private clients, we collect and analyze data, monitor and evaluate programs, communicate promising and evidence-based practices, and provide outcomes-focused training and technical assistance. Cloudburst is headquartered in the Washington, D.C., area and has provided extensive support to communities in the U.S. and in more than 60 countries around the globe.

Gender-Based Violence Practice Area

Cloudburst experts promote effective solutions to domestic violence, sexual assault, stalking, and human trafficking to ensure that survivors of violence benefit from the programs and resources available. Cloudburst recognizes GBV is a human rights abuse that impacts all aspects of survivors' lives, from their housing and economic status to their health and wellness and their ability to fully participate in civil society. Relying on grounded expertise from decades of work promoting survivor-centered solutions, Cloudburst experts bring practical and best practice-driven models to help non-profits, government, and non-governmental entities in the U.S. and around the globe to reduce GBV. Our experts are well versed in the **Violence Against Women Act (VAWA)** and the protections it offers, as well as prevailing policies—including the **Strategy to Prevent and Respond to Gender-Based Violence Globally** and the **National Strategy for Gender Equity and Equality**—that call for expanding access to survivor-centered services and increasing access to justice.

Program Expertise

- Department of Health and Human Services Family Violence Prevention Service Act (FVPSA) programs
- Department of Justice (DOJ) Office of Violence Against Women (OVW) programs
- DOJ Office for Victims of Crime (OVC) programs
- OVC Victims of Crime Act (VOCA) Programs
